REVIEW THE MARKETS, SHIPPING NEWS ESTATE BUSINESS. REAL AND

REVEIW OF MARKETS

New York, April 4.—Stock trading today was very sensitive and moved ir regularly. After a wild and high opening for many stocks realizations of active interests and depressing efforts on the part of the professionals tended to
produce recessions, particularly in the
active specialties, which of late have
attained the largest advances. The
traffic agreement between Third avenue
and Manhattan produced a large advance in both of those properties at the
opening. Third avenue rising 6 and
Manhattan 3 points. This brought about
extensive realizing and the stocks gradually receded, Third Avenue losing 8
on the day and Manhatton half as
much. Metropolitan lost 3½, although
at one time it was down 9½ on liquidation induced by the combination of the
rival companies. Talk of brisker hostilities in the trade war left Sugar 6
points down. The suit to restrain the
Brooklyn Transit from leasing a former rival traction company, together
with realizing on Brooklyn Transit's
large advance caused the stock to ease
off 3 points. The iron and steel shares
ended irregularly changed, with Federal Steel and American Wire down
sharply. International Paper lost 4 and
Chicago Gas 3. Excepting the Coalers,
which rose in some cases materially,
the general railway list showed little
change, the Grangers being fractionally off.

Among the specialties to display
strength were Rubber, Tin Plate.

The total sales of shares,	stocks were 1,070,400

VIRGINIA—CAPE CHARLES LIGHT
VESSEL.

Notice is hereby given that, on or about April 15, 1899, Light Vessel No. 49, moored off Smith Island (Cape Charles), and to the northward and eastward of the entrance to Chesapeake Bay, will be temporarily withdrawn from her station for repairs and the station will be marked by Relief Light Vessel No. 16 will show, the same as Light Vessel No. 46 will show, the same as Light Vessel No. 49, two fixed white reflector lights, and during thick or foggy weather will sound a 12-inch steam whistle having the same characteristic as that sounded from Light Vessel No. 49, viz., blasts of 5 seconds' duration, separated by silent intervals of 15 seconds, thus:

Silent Silent Blast

Blast Blast Silent

5 sec. 15 sec. 5 sec. 15 sec.

Light Vessel No. 16 hus two masts, schooner rigged, no bowsprit, and a blask smokestack and the steam whistle between the masts, but differs from Light Vessel No. 49 in having a yellow hull with "RELIEF" in large black letters on each side and "No. 16" in black on each bow and each quarter.

Light Vessel No. 49 will be returned to her station as soon as repairs have been completed, of which due notice will be given. Blast
